## HOW TO EXPOSE FAKE CLINICS: STEP BY STEP

### 1. KNOW THE FACTS

- Make sure your group studies up on fake clinics! See our fact sheet and online resources.
- Contact your National Choices Campus Organizer. We can help you implement the campaign on your campus!
- Visit [www.optionline.org](http://www.optionline.org) or [www.lifecall.org](http://www.lifecall.org) to find out if a CPC exists near your campus. (Note: These are anti-choice websites with locations of CPCs.)
- If there is a CPC near your campus, your group can call or visit the CPC to see what they say about abortion and birth control. Do they offer abortion as an option for an unplanned pregnancy? Do they offer condoms, EC, and/or birth control? Does their website make false claims like, “abortion causes breast cancer, infertility, suicide, or post-abortion syndrome?”

### 2. KNOW YOUR CAMPUS

- Visit your Campus Health Center. Does your Health Center know about CPCs? Where would they refer a student facing an unintended pregnancy? Do they include CPCs on their referral lists?
- Does a CPC advertise on your campus? Check out your campus newspaper, billboards, cafeteria, and informational kiosks for “Worried? Pregnant? Call XXX-XXXX” ads or flyers.

### 3. STRATEGIES FOR TAKING ACTION

- Create educational flyers and posters identifying nearby comprehensive women’s health clinics and warning students about the fake clinics in your area.
- Work to establish “Truth in Advertising” policies on your campus to ban CPC referrals by your Campus Health Center and advertisements in campus media and newspapers.
- Circulate petitions and get active locally to add your community to the growing list of cities which are demanding honesty from fake clinics. Contact [campusteam@feminist.org](mailto:campusteam@feminist.org) for more information.
- Educate activists in your community on the deception of CPCs and their connections to clinic violence. Share the FMF YouTube video “Expose Fake Clinics” [<http://bit.ly/cpcvideo>], or host a screening of the HBO documentary “12th & Delaware” [<http://itsh.bo/12andDE>].
- Stage a protest outside of your nearest fake clinic, warning women about the deceptive practices of crisis pregnancy centers. Record and photograph your demonstration – send it to us to post on YouTube and Facebook!
- Get involved with Feminist Campus’ Adopt-A-Clinic project to help keep abortion clinics in your community safe from harassment and violence.
