

CAUTION

CRISIS PREGNANCY CENTERS MAY BE PUTTING YOUR HEALTH AT RISK!

Have you seen these popular CPC
advertisements?

"Pregnant? Need Help? You Have Options!"

"Pregnant? Scared? We Can Help! Call 1-800-XXX-XXXX"

"Free Pregnancy Tests!"

So-called Crisis Pregnancy Centers or "fake" clinics, frequently advertising under "abortion services", often pose as full-service women's health clinics **luring women with free pregnancy tests and "counseling" for unintended pregnancies.**

These "fake" clinics too often make false medical claims to **dissuade and delay women from obtaining comprehensive medical services, particularly abortion and birth control.**

**Join the Campaign to Expose Fake Clinics sponsored by
the Feminist Majority Foundation**
